June 11.....	Commencement

WELCOME FROSH!

Believe me when I say that we are all glad to see you start a career whose importance is increasing every day. I suppose I should point out how important it is that you work hard to fulfill the responsibility you have assumed but I'm not going to do that now. Instead, I'm going to express a wish for you. I wish that you find at State a host of friends, delightful hours of living, and stimulating intellectual growth. May you enjoy these golden years to the full for they come but once in a lifetime.

We know that much must be done to make our college meet our ideals. The fact that you have elected to come to Cortland shows that you believe in what we are doing. We find fresh courage in having you join us as we build.

DONNAL V. SMITH

Dr. D. V. Smith, President

As one whose sincere friendliness and ever-ready willingness to give council to each student who may seek it, Dean Barber rates among the highest. The door to her office is open to everyone and you will find there a cordial atmosphere. Our Dean will always find time to discuss, and help solve, your problems. Heading the Social Activities program, Dean Barber provides parties and dances which contribute to the happiness and welfare of the students. You will find Dean Barber a loyal friend to whom you may, and will, go frequently for all sorts of advice and guidance.

TAGGED

No sooner do you enter the doors of State College than you will be labelled. All students registering as freshmen will receive specific directions upon arrival at the campus. As soon as you get to State, you will report to the auditorium and receive your instructions. After that you can pay your fees. The fees for the year are as follows: \$10 State fee. Activities fee for general education students \$17 or if physical education an activities fee of \$18, making a

total of \$27 or \$28, each of which is payable at the beginning of each semester. When you spend this money it may help to remember that this fee is established by our own Student Assembly upon organization of the College Governing Board and it will buy you more fun and recreation than any other money you spend on the campus.

BOOKSTORE

After being tagged for \$27 or \$28 you go to the bookstore and get tagged for some more. Our bookstore is in the north corridor of the basement but it won't be there long for we are going to have a new one under the lounge. Along with the books we will have a snack bar for students who like a bun and a coke between meals. But for the present the old bookstore must suffice. That's where you get the textbooks, or if you have books of your own to sell, they manage a textbook exchange. Miss Mary Harrington, who is in charge, carries a complete line of school supplies for your convenience. Incidentally, student letters addressed to the college are distributed there too. Be sure to tell your APO your new address. It's a good idea too, to look in the mail box every day in case there are notes from other students or from faculty members.

THE CAF

The cafeteria is located in the basement of the north wing. We hope to have it open for luncheon and dinner this year. Watch the Hilltop Press for specific announcements.

THE LIBRARY

One of the buildings we are all pulling for in the postwar period is a new library for State College. Ours is a growing library. It now has about 30,000 copies and adds about 10,000 new volumes each year. It is located on the second floor opposite the stairway in the center of the building. In addition to a large main reading room a reserved book room is connected by two stack rooms. If you have any trouble finding your way around just ask the li-

brarian at the circulation desk. All books, pamphlets, etc., which you want to take out of the library should be charged out at this desk. Just a reminder—be sure to get them in on the date due or you pay a library fine. Sometimes students let these fines accumulate and pay them in service, but it is better to render the service and get paid for it so let's get books in on time. Remember these books belong to all of us and we have a right to examine them. In order to help us get books easily we have a librarian and an assistant librarian. (Incidentally she is a new one this year. Her name is Miss Frances Becker. She may appreciate a cheery word from a fellow freshman.) Tell them your problems and you are sure to get help. The regulations concerning the library and the organization of library books will be explained to students early in the college year. If, however, library techniques are still Greek to you, be sure to call on Miss Robinson or Miss Becker for special help. They will show you the ropes in short order. The exact hours when the library opens will be announced at the beginning of the year, but they will be for your convenience.

THE LOUNGE

We are opening our new student lounge this year. It is located in the south wing. Almost all of the furniture is new and, due to war regulation, the chairs do not have springs and the upholstery isn't fire proof. We have a new rug and Eileen McCord's Student Lounge Committee has been busy all summer ordering new furniture and other equipment to make the lounge a place of convenience. We hope to keep the lounge open this year for a recreation hour at dinner time. Rumor has it that we are in line for a new juke box with

lots of pretty lights and a fancy collection of records. This new venture is sort of a test in student management for this lounge is under the direction of a Student Committee. If the lounge is attractive and popular it will be because we make it so.

MEDICAL SERVICE

Our doctor is in her office daily. The exact hours will be posted in the first issue of the Hilltop Press. Do you have that sluggish feeling in the morning? See Dr. Little before taking cod liver pills. Remember this service is a portion of what you are buying with your student fees. If you are really sick and have to go to the hospital, the Cortland County Hospital is one of the finest in Central New York. Your medical fee pays for nine and one-third days in a ward bed. It also pays for X-rays of injuries or accidents sustained in school activities. Phys. eds. live dangerously so they pay \$1 more in their activity fee. In addition the college operates an insurance plan about which your parents have already been informed. This insurance policy will protect you against accident or accident and health if you so desire.

The college MD does not make visits to your living quarters. If you need a doctor in the night call a local MD. The college medical fee does not cover fees charged by local MD's who treat students in their homes or at the hospital and the college MD does not treat students who are sent to the hospital though she often arranges their admission. Remember if you are sent to the hospital to use your last gasp to call the doctor and tell her that you are on the way to the hospital. If you simply can't do it have your room-mate or

housemother call. Failure to do this may mean a mix-up in bookkeeping and a refusal on the part of the College Governing Board to pay the bill. It is important to remember that every illness should be reported to Dr. Little. This is not so much to protect you when you have a "hed code" as it is to protect the rest of us.

BULLETIN BOARDS

By the time you get to the campus or shortly thereafter two new bulletin boards will be located in the main hall on either side of the rotunda. Get in the habit of looking at these boards daily. Important notices will be placed on them. A physical education bulletin board will be prominently displayed in the lower hall near the office of Mr. Moench. A bulletin board making general announcements is located on the second floor. Student notices should conform to the regulations or they will be removed. This new set-up is going to take a little doing but the College Governing Board, just like the marines, will soon have the situation well in hand.

ATTENDANCE

Everybody goes to every class all the time. We don't have a cut system at State. You are responsible for your work. If you are absent from class more than once or twice your work is bound to suffer and you will undoubtedly be penalized. If you are absent from class or even late to class often enough to make a nuisance of yourself you may be notified that you no longer need to come at all. Repetition of this offense in numerous classes would mean dismissal from college. We'd like to tell you that every class is so interesting that you'd never want to cut but it just isn't true. Just the same we all go to every class at State. We can take it!

Remember your absences due to illness must be reported to the doctor before returning to class.

STUDENT MARKS

Just so there can be no misunderstanding we will explain the marking system:

- A "Once in a Lifetime"—gives you 3 honor points.
- B "Happens oftener"—carries 2 honor points.
- C "That's most of us"—but only 1 honor point.

This is the intellectual middle class and feels the intellectual pinch of middle class income.

D "Passing"—the lowest minimum but still not very satisfactory work. Calls for mid-night oil and other drastic measures.

E "Nice to have known you."

To determine the number of honor points earned in any course you multiply the credit hours by the number of honor points indicated by the grade received. If you get an A in a 3-hour course you multiply the 3 hours by 3 points to get 9. In a 3-hour course a C grade gives you only 3 points. Remember it takes 16 hours and 16 points to have the minimum for a year's work.

For the sake of the record let it be said here that until you have 32 hours credit you are a Frosh. It takes 64 hours and 64 points to make a Junior out of a Soph and 98 points and hours make a senior. Then if you can swing another 32 hours and points your last year for the grand slam total of 128 you rate a degree..... always providing you've lived right.

EXAMINATIONS

The week prior to examinations is devoted to study and prayer. All extra curricular activities of a social nature are suspended. All late trips to the Chocolate

Shop are cut to a minimum—then comes exams. Examinations are given under faculty supervision. Examination booklets will be furnished by the college. No books or papers will be permitted in the examination room. You will be left alone with your thoughts.

AT HOME

The girls live in homes throughout the city or in one of the six sorority houses. All student resident places are approved by the college and visited regularly by the Dean of Women. In some homes girls work for their board and room. Before the war our fraternities thrived but with most of the men fighting Germans and Japs only one is left,—the Beta Phi Epsilon who own their own home two minutes from the campus.

We hope it won't be long now before State has a new Student Union and Residence Hall. We have swell plans for one large enough to house 100 men and 100 women. All we need is a magic lamp and a half million dollars to have it ready for you this September.

EMERGENCY EMPLOYMENT

This is another thing the busy Dean's Office handles. If you want to work for your board and room, or part of your board and room, or only for extra spending money, Dean Barber will do all she can to find you a satisfactory job. If you want to do ironing, mind babies, sell tomatoes, or shovel sidewalks, state your preference and you're more than liable to land right in that kind of a job. So don't be worried if your wallet feels kind of thin after you've paid out for books, equipment, etc. Come and see the Dean and you'll leave her office singing "Pennies from Heaven"!

ORGANIZATIONS

STUDENT GOVERNMENT

College Governing Board

Every year we have an election voting for members who will be officers of the Student Assembly. This august body is not composed of long beards but long heads. It represents both students and faculty. It is an administrative organization established to execute the regulations set up by the assembly. Be sure to read the new Constitution and prepare to take your place as a responsible citizen in the college community. Everyone has a right to be heard.

SOCIAL OCCASIONS

Freshmen Tea

Here's the chance which you Freshmen have been waiting for. A little get-together at which you can mosey around from one group of students to another and mingle with the seniors and faculty . . . and don't you think it's not a good chance to learn the name of that dapper individual who has been haunting you. Yes, siree. Frosh . . . Let's see you all at the Freshmen Tea . . .

Freshmen Assembly

Perhaps you have been hiding your light under a book . . . Well, you won't for long when your Frosh class presents it's Freshmen Assembly. You may be the proud possessor of such talents as whistling through the ears, playing tunes on the teeth, juggling ten cans and a toothpick with your feet . . . Then too, you may be one of those extra-ordinary individuals who can sing, dance or play upon an instrument . . . At any rate . . . You will have the opportunity to demonstrate your unquestionable abilities to your fellow students at the Freshmen Assembly . . . Sure, and you want to be on the program, Don't you?

Snow Carnival

Don your fifty pound ski boots . . . pull on that lush ski outfit . . . Drape those skiis upon your back and hie yourself up to Pendleton Hill for an afternoon of snow frolics . . . to say the least . . .

You are guaranteed a day of fun and excitement . . . There are tournaments for even the knock-kneed skier . . . not that we expect you to enter into that category . . . but you never can tell . . . Prizes are offered for those lucky people who can whiz down the hill the fastest and the fanciest . . . and, if per chance, you can maintain your equilibrium while on ice skates . . . Why you're in for a day of varied enjoyments.

State Teachers College Sunday

This is a day when the spiritual side of us shows itself . . . On September twenty-fourth, the churches throughout the city carry on a program devoted to the College students. Communion breakfasts are held

and it is a special occasion when everyone is expected to let his halo shine through . . . and go to church.

Timber Day

Strap a hatchet to your back, let punch and cookies be your snack as you hike off to clean up the pines . . . come clad in jeans and plaid shirts . . . definitely working clothes . . . for you will work and have a jolly time doing it . . .

Did you ever help build a fire place, hammer benches into place, rake and seed a field, saw off dead branches, plant new trees . . . and generally aid the conservation department . . . Well, husky-Timber Day is your chance to show the world what a nature lover you are. Next year we want to make an out-door theatre.

Moving Up Day

Day of days for the humble Frosh. Your drooping head is exalted to a height of which you had long dreamed. You are made a Sophomore . . . 'tis a busy day for all concerned . . . You are up bright and early for the flag raising ceremony . . . and impressive sight to behold . . . The new College Governing Board is installed . . . and who knows, you may some day be one of the new officers . . . no reason why you shouldn't be. Awards are bestowed upon the students who have excelled and those who have distinguished themselves on the Hilltop Press and in the Hilltop Masquers.

Moving Up Day exercises take place around the Junior Rock where the Freshmen become Sophomores, the Sophomores become Juniors, the Juniors become Seniors, and the Seniors disappear from the face of the earth, while those gathered shed a tear or two . . .

The school assembles for a picnic lunch on the wide open green . . . after which are a series of softball games in which the faculty and students participate.

How to prove that you can take a full day of activities . . . You return in the evening for a street dance and step singing . . . Needless to say . . . You have a wonderful day!

THE SOCIAL ACTIVITIES COUNCIL

In your eyes, probably the most important executive organization in the school will be the Social Activities Council. And we must admit that you're pretty nearly right. Soon after your arrival at Cortland, you will be calling it casually the S. A. C. and looking forward not so casually to the snappy parties it puts on for you.

Here's a little bit about the organization of the S. A. C. It is composed of a small group of students, both men and women, both phys eds and G. E.'s, plus the guiding and stabilizing presence of the Dean of Women who sees that the plans for the next party don't go too far out of this world!

Naturally, the main purpose of the S. A. C. is to give you students a good time on those evenings when you push aside and go looking for the glamor of college life. If you're tired of just plain dances, (which we doubt you ever will be) the S. A. C. surprises you with a rollicking roller-skating party. Or if the grind has been pretty wearing, and you're just too tired to skate or dance, there's a movie for you, where you can sit back and relax and let the people on the screen do all the work. These are just a few of the things which the S. A. C. plans for you. There are square

dances and teas, street dances and outdoor play-days. You'll never really know them all until you get here.

The hardest part of the S. A. C.'s job, like yours, is living within the budget. Just so much of the student government money is spent the way you students want it spent. If one of its members gets a much too expensive, high-falutin idea for a party, the other members judge the idea very fairly and then perhaps send it to its doom. But no matter whether party expenses are \$100.00 or \$1.00, it's still a good party. You'll find out!

While the activities council makes its appeal to everyone in the college to participate in activities outside the classroom, it is perhaps necessary to admonish freshmen that after all college requires some brain work. Budget your time so that you can do your reading in the library and study in your room as well as the social things that exert a greater appeal.

In many respects, this is your most important year and you had better get on the beam right at the start or you may get off your course. Don't forget, too, that Doctor Smith, Dr. Brown, Doctor Barber, and Mr. Moench—all of them—are always glad to see you and talk over your problems. Call on them before it is too late for them to help you. It is perfectly all right for you to drop into their office just to get acquainted. Cortland is a friendly school.

MUSICAL ORGANIZATIONS

I The Music Council

The Music Council coordinates the interests of all of the musical organizations in the school. It determines the general policies of the various student and music clubs

and is composed of the presidents of the different organizations and one other member from each organization elected by the membership. Anyone who enjoys music has a right to be heard on the Music Council.

II The Women's Glee Club

Cortland has long been known for its excellent Glee Clubs. Before the war, our men's organization was exceedingly fine. The Women's Glee Club welcomes to its membership all freshmen who enjoy singing. One of the most impressive ceremonies of the year is the Candle Light Carol Sing. If you don't make the Glee Club, you can enjoy the Carol Sing just the same. Perhaps the most significant musical event of the year is the Spring Concert. If you are interested in making the Glee Club, Miss Pauline Meyer, who is the director will give you an audition. This is not a formidable ordeal but merely a way to classify your voice. Don't put off your audition.

III The Orchestra

Before the war, we had a big orchestra. Last year, however, we did not have such an organization; so some of the students got together and ordered music and prepared to do a little playing just for fun. If you play an instrument, be sure to join this band because they have some real fun and from time to time appear in assembly and at other student affairs.

ATHLETIC ASSOCIATIONS

Every student at State Teachers College is a member of the Athletic association. We have a complete and varied athletic program. Before the war, we had inter-collegiate competition in football, soccer,

basketball, baseball and track and all of the other minor sports. The athletic organization regulates intramural competition through a committee composed of representatives of each of the four classes. The intramural program is conducted for women as well as for men. The women's program included competition in basketball, soccer, track, tennis, riding, hiking, skiing, and snow-shoeing. Every girl at State Teachers College—whether general education or physical education—is urged to participate in these activities.

DANCE GROUP

Some of the girls are interested in dancing. To further this interest, a special group was organized under the direction of Miss Mary Washington Ball some years ago. It meets twice a week and covers all dancing techniques. Interest in the dance is the first requirement for selection. Ability ranks second. This means that general education as well as physical education girls—whether they have ever had formal dancing instruction or not—are welcome in the organization. Membership, however, is limited of necessity but where the number is greater than those required for the Master Dance Group, a junior dancers group is organized and have the regulation number of periods and may become members of the master group. Frequently, the dance group gives programs in nearby cities and to various conventions.

GIRLS' AQUATIC CLUB

This organization, as its title indicates, promotes interest in swimming. It is not, however, composed of experts. Now and then the good divers do a belly-buster and the good swimmers have the stroke break

before the course is run. Like all of our other extra-class affairs, this one is designed to promote individual interests and enjoyment. The general education girls as well as the physical education girls are welcome. If you have passed your life-saving tests and have a reasonably good form on the fundamental strokes and aren't afraid to dive, look into the Aquatic Club.

PROFESSIONAL ORGANIZATIONS

The A.A.H.P.E.R. has a chapter of American Association Health, Physical Education, and Recreation whose membership has been open to all physical education students and faculty. There are two classes of membership: active and inactive. We mention this not because we want physical education freshmen to join the organization but merely to keep you informed. You aren't eligible for membership until your sophomore year. All physical education sophomores will want to join this national organization inasmuch as it is the strongest professional group we have.

ASSOCIATION FOR CHILDHOOD EDUCATION

The Association of Childhood Education is the professional organization whose membership is composed of all students at State Teachers College who are interested in the education of young children. At its regular meetings, educational films and demonstrations and addresses comprise the agenda. Refreshments and discussions always make these meetings lively affairs. Every State Teachers College student should belong to a professional organization.

PUBLICATIONS

THE HILLTOP PRESS: The Press is the campus paper. This year, the co-editors are planning an elaborate news program even though war time restrictions mean that the paper itself cannot be elaborate. If you have had any journalistic experience in high school or if you would like to get some in college, why don't you try out for the Hilltop Press. From the freshmen who try out for the paper, the cub reporters will be selected. Remember, if you become a cub reporter, you may be an editor some day. If we should find one member in the freshman class who would be another Walter Winchell or an Ernie Pyle, all of the effort made would be worthwhile.

DIDASCALEION: The "Did" has long been Cortland's pride. Last year, war time restrictions cramped our style but this year's class plans another issue that will top anything we have seen before. The "Did" is given to every student each commencement time. It contains an elaborate summary of the year's activities.

RELIGIOUS ORGANIZATIONS

Catholic students will find at Cortland State Teachers College a very active chapter of the national organization known as the **NEWMAN CLUB**. Its purpose is to band together in a spirit of social and religious fellowship Catholic students at State Teachers College. The organization holds regular meetings at the college once or twice a month and has numerous social affairs throughout the year. The highlights of the year are the dance and the Communion Breakfast. All Catholic students who join the Newman Club should join early in the year.

A few years ago, students and faculty members and representatives of various local churches became interested in an organization at State Teachers College to foster religious activity. The outgrowth of this interest was the CORTLAND STUDENT UNION. It is inter-denominational and invites all students to its membership. Its programs are arranged as discussions of student problems and you are invited to bring to the attention of the organization any questions that you would like discussed. The meetings will be bi-monthly next year and will be held in the student lounge.

SORORITIES

The sororities at State Teachers College are: Alpha Delta, Agonian, Arethusa, Clionian, Nu Sigma Chi, and Theta Phi. The six sororities are one in their spirit of State Teachers College affairs. Each, however, is secret and enlists its membership through a rush period. The rush period will be announced during the first semester, and will last one week ending with silent weekend. State Teachers College employs the preferential bidding system and you will be given an opportunity to list the sororities of your choice. At the present time, State Teachers College has one fraternity. Undoubtedly with the return of our men from service, there will be an increase in this number.

INTERFRATERNITY COUNCIL

The Interfraternity Council at present is composed of two representatives from each sorority. It covers all activities carried on by these organizations. It is the body responsible for enforcing rushing rules and generally providing for the student welfare in the fraternities.

HOUSE-OPENING

This is your chance to meet all of the sorority members. Very early in the fall, you will be invited to go on a grand tour. Hop on the band-wagon and meet the girls get to meet the upperclassmen and give them a chance to meet you. See all of the clever ideas in the sorority dorms. Cortland hospitality will make you feel at home and you will see it at its best. Watch for house-opening.

THE PINES COMMITTEE

We have a Pines Committee composed of students appointed by the president of the college and the president of the student association. This committee is the one responsible for the plan under which we are now working to make a campfire site and an out-of-door theater.

LOUNGE COMMITTEE

The Lounge Committee like the Pines Committee is made up of appointees mutually agreeable to the president of the college and the president of the student organization. They are the ones who look after the lounge.

THE MASQUERS

The "Masquers" is a college organization to furnish an outlet for the talent of those who tread the boards. In the past the Masquers have put on several fine plays each year. If you are interested in the drama you will find it a most enjoyable organization.

ALPHA BETA

This is the organization which furnishes most of the honor students at commencement. Those who are Cum Laude or

higher serve as "Marshals" in the Commencement Ceremonies and are designated by the red and white tassels and the Marshal's baton. They are the elite of Alpha Beta.

BIG SISTERS

Are you down in the dumps or just plain confused? If so, perhaps you would like to talk it over with someone who has had a year or two at State Teachers College and has already gone through what you are now experiencing. That someone is your Big Sister who will take a personal interest in you and your activities and will answer any questions you might have.

Cortland State Song

ALMA MATER

By lofty elm trees shaded round,
Tioughnioga near,
Our grand old Cortland College
stands,
To all of us how dear.

Chorus

We'll sing to thee, dear Alma Mater,
Of love that shall never die,
We'll strive for thy glory eternal,
Keep thy stainless honor high,
Inspiring each son and each daughter
The noblest aims to try,
All thy fame and thy spirit, thy might
are ours
As the swift years hurry by.

Cortland State Song

SONGS AND YELLS

Cortland college like all other schools has its songs and Alma Mater. Every student should know the Alma Mater within three days after entering.

ALMA MATER

By lofty elm trees shaded round,
Tioughnioga near,
Our grand old Cortland college stands,
To all of us how dear.

Chorus:

We'll sing to thee, dear Alma Mater,
Of love that shall never die,
We'll strive for thy glory eternal,
Keep thy stainless honor high,
Inspiring each son and each daughter
The noblest aims to try,
All thy fame and thy spirit, thy might are
ours
As the swift years hurry by.

2.

From many a lofty station reached
Thy children backward gaze
Our doubts and hardships changed to hope
in happy Cortland days.

Chorus:

3.

Through thee we enter larger life
Thou great, wide kindly door,
Escape a petty sphere and give
Thee thanks still more and more.

Chorus:

4.

When years and service prove our worth
We'll homeward turn to thee,
And fondly hope that thy "Well done"
Our sweet reward may be.

—Ulysses F. Axtell.

FIGHT YELL

G rrr fight!
G rrr fight! fight!
G rrr fight! fight! fight!
Team!

SKYROCKET YELL

S-s-s-s-s-s-s Boom
Ahhhh!
Fight Team fight

TEAM YELL

T-E-A-M Yea Team
T-E-A-M Yea Team
T-E-A-M Yea Team
Team Team Team

CHEER FOR OLD CORTLAND

Come and sing, all ye loyal Cortland men,
Come and give a rousing cheer,
Join our line as we march along so fine,
With hearts that have no fear,
Left and right, 'neath the crimson and the
white
We will march in bold array.
So everybody shout and sing, for this is old
Cortland's day.

Chorus:

Cheer for old Cortland, Cortland must win
Fight to the finish, never give in, boys,
All play your best, boys, we'll do the rest.
Fight for the victory.

ON, OLD CORTLAND

On, Old Cortland! On, Old Cortland!
Drive them down the field,
Pass the ball right through their center,
Force them now to yield.
On, Old Cortland! On, Old Cortland!
Fight on for her fame.
Fight fellows, fight and we will win this
game!

CHEER SONG

We'll cheer for the team; we'll cheer for the
team,
We'll cheer, cheer, cheer, cheer, cheer for
the team
And because we are from Cortland, we'll
ever victors be
We'll cheer, cheer, cheer for the team.

WHAT'S WHAT

FROSH A meek mild animal with green cap who waits to find out what the score is before trying to steal home on a fly ball

SOPHOMORE A strutting peacock with an eye on erring Frosh and a strong memory for the humiliations he had to go through when he was a Frosh.

JUNIOR A giraffe with its head in the clouds wondering how he ever got to where he is

SENIOR An over nourished under exercised colt with its hoofs glued to the ground waiting for the starting bell

FACULTY House of hens hatching forth a crate of promising young student chickens

PHYS. ED. A husky specimen of humanity who exhibits a continual state of fatigue.

G. E. A person who worries about whether she should go bowling or play tennis to make up a gym period

PINKEY A gruesome worm who has its head in a book so long that teachers begin to think the worm is a student

TRENCH COAT An article which is worn continually until it takes on a dingy grey appearance this article is always accompanied by a kerchief which is used to cover up hair which has been misused and generally abused

"DID" Short for Didascalleion Yearbook which everyone receives at the end of the year

PINES Place where green trees grow where couples gather where groups have outdoor picnics where you work on Timber Day and where t's nice to go

FROSH BIBLE This little red book which you carry with you so religiously until once you forget it and are stopped by an upperclassman who in turn reports you to the

VIGILANCE COMMITTEE . . . Which is a group of individuals that plots how to skin a Frosh without shedding blood

THAT'S WHAT.....
